**VARIOUS MATTERS**

Light vehicle lamps at 6.20 o'clock this evening.

Rivers and ponds are full, as the result of recent heavy rains.

Farm changes in anticipation of April 1st are already being made.

At the Old Library the first of books belonging has been continued in a helpful way.

In the suburbs the first peep frogs were heard March 5th, meaning three more freeze-ups.

Five cases of diphtheria were reported to the New London health authorities Monday.

Automobile sales since the middle of January have been the most satisfactory yet for this season of the year.

Argo at Osgood Wharf, today. Big cargo fresh fish, low prices—adv.

The Jones-Oeters Manufacturing Company, Inc., of New London, has filed a certificate changing its name to the United States Electric Company.

At a meeting of the Danbury Ladies of Columbia, held in K. of C. hall Sunday evening, the following was established by Mrs. J. J. Carroll, of New London.

The W. C. T. U. about the state is making contributions toward the \$30,000 for Connecticut's share of the fund in celebration of prohibition victory.

Norwich dealers are receiving but few Florida oranges at this time.

At a meeting of the electric lighting board, held in the city hall, the following was indicated by the statement that it implies an expense of over \$12 to light St. Patrick's church for each Sunday evening service.

A number of Norwich owners of cats are keenly interested in the fate of the cat licensing bill before the legislature and are predicting that it will not pass without a fight.

Assistant County Agent and County Club leader A. C. Sheldon of the Taftville and County Farm Bureau has been asked to take up farming.

At Taftville, the two center schools, primary and grammar, contributed a total of eight dollars to the Armenian and Syrian relief fund, Tuesday evening at the board meeting.

At the March meeting of the Parish House Association of Park church, Friday, in the Church House Organized Memorial, Mrs. E. W. Cary is to read a story and there will be a musical program. This will be served.

Eastern Connecticut Adventists held their Connecticut and Western Connecticut district conference at the Advent Christian church in Taftville on an all-day session in the Advent church in Torrington today (Wednesday).

A former Norwich man, Rev. B. A. W. Bacon, will be the leader of the Lenten discussion group for which Prof. and Mrs. Henry W. Bacon will open their home, 1111 Main street, New Haven, Sunday afternoon.

Norwich relatives and friends have learned that Dr. Charles D. Usher, who died in Norwich, has been buried in the cemetery at Taftville.

The more pay the city collectors get the more troubles they grow and there are complaints from all quarters of the city that the city collectors are not paid enough.

The feature of the conference of the Connecticut Federation of Labor, which was held in Hartford April 25 and 26, will be his parade Saturday afternoon, April 27.

The parade will be followed by a luncheon at the state armory.

The fact that the bill to permit towns to sell state money for schools and to make up all the time lost because of the epidemic did not pass will make it hard in small towns like Taftville, where the schools had to be closed for lack of teachers.

The handsome automobile purchased and donated to the Red Cross by the Connecticut Federation of Labor, is being used to carry the city for conveying sick and wounded troops from the docks to debarcation hospitals.

When the Catholic Women's club, Mrs. Albert B. Hill, president, met on Tuesday for regular session, plans were made for a St. Patrick's night with Mrs. Dennis Hayes, chairman of the parade committee and Mrs. M. H. Donohue of the refreshments committee.

Resignations of several members of the New London Memorial Hospital Association were read and accepted at Monday's meeting.

Dr. J. H. Bond, Jr., A. Benjamin, E. C. Hammond, F. B. Brondge, William E. Greco, John C. Geary and Arthur B. Chikins.

The state treasury is paying out money to meet the obligations of the state at the rate of \$10,000 a day. There are no state funds available to be made this month, one of the heaviest being the enumeration grant for public schools, which will amount to \$22,467.

In the New London police court on Monday, John Quinn was fined \$20 and costs because he broke a window in the house of Mrs. J. J. Mendenhall.

Anna Kennedy, housekeeper on the craft, late Saturday night, after he had annoyed the woman by following her.

STEAMER CAPE COD IS DUE HERE ON MONDAY

Next Monday, March 17, is now set down as the time at which it is expected the steamer Cape Cod will reach Norwich and be ready to go on the line for freight and passenger service between here and New York.

The work has progressed well in preparing dockage facilities for the Cape Cod at the harbor end of the Algonquin dock as the attempt to reach out to deep water has been completed and the two dolphins which will serve in the boat to have both been driven.

Handsome German Helmet Shown.

The most German helmet that has been shown in this city is on display in the window of J. J. Mendenhall's store on Main street. It is an American officer's dress helmet of polished steel, with a steel spike and the distinctive projection on the back that comes down and covers the neck.

Reservoir Running Over.

Norwich reservoirs had a good supply of water before the much and a half rain of Sunday, but they are now at a dangerous level, full, pressed down by the weight of the water.

At the water running over the spillway at Stony Brook reservoir and 2 inches at Fairview.

An egotist is a man who enjoys talking to himself.

**PERSONALS**

Dr. M. E. Mullen of Taftville spent the week end at his home in Wilmantic.

Capt. Charles T. Potter has been at his shore bungalow in Nounk for a brief stay.

Charles Driscoll of Franklin street has accepted a position with the Marlborough-Rockwell company.

Mr. and Mrs. James Edward Ryder are soon to move from Pendleton Hill to the J. E. Thompson farm near North Stonington.

Rev. Arthur F. Purkiss has returned from Westernport, where Monday evening he addressed the Men's class of the First Baptist church.

Samuel J. Hussey of Mountain street left Norwich Monday morning for New York, where he has accepted a position as a mail clerk in the New York Terminal.

A New Haven exchange mentions that Mr. and Mrs. Charles C. Elwell, Jr., and party have returned from Boston, where they have been spending a few days at the Copley-Plaza. They made the trip by motor.

Mr. and Mrs. Daniel McDonald of Norwich spent the week end with their son, Jack McDonald, who has returned from France, and is now in a hospital in New York. He is in good health and expects to be home soon.

NORWICH IS TO HAVE THREE SUMMER TRAINS

Three summer trains, from June to September, all of which are to make stops here, were announced by the Connecticut Railroad Company.

At a meeting of the Danbury Ladies of Columbia, held in K. of C. hall Sunday evening, the following was established by Mrs. J. J. Carroll, of New London.

The W. C. T. U. about the state is making contributions toward the \$30,000 for Connecticut's share of the fund in celebration of prohibition victory.

**AUTO NEARLY LANDS IN THE RIVER**

Death stared five people in the face Tuesday morning, just before 3 o'clock, and they escaped by a scant margin of not over six inches. The five persons, all unknown, were in a large touring car which came from the Laurel Hill section of the city and in going down the hill toward the river, came to the Laurel Hill bridge on the northeast corner of the bridge and broke down so that it hung over the river. The car, although it was not seen just at the minute of the crash, was seen to be going to stop within six inches of the edge of the abutment wall.

Had the automobile gone over it would have been a sheer drop of 30 to 40 feet into the swift current of the Shetucket river, which, owing to the recent rains, is rather high now. In view of the condition of the river, the height of the fall it is doubtful whether any of the five occupants would have lived to tell the story.

That such a disaster should befall a car, the driver of which was not known. Whether the driver was not familiar with the sharp turn at the foot of the hill or whether the street lights which on Tuesday morning were

out of commission failed to show him the turn until too late to make it or whether the lost control of the car is a mystery. Whatever the cause the occupants had a lucky escape.

All that could be learned of the car was that it was seen to leave the scene of the accident immediately and go to where the position would have been. The occupants of the machine were said to be three men and two women and that the car went through a fence and a brick wall before it came to rest.

One officer on the beat said that the car had suffered only a broken headlight and that it did not attract his attention as being out of the ordinary until he had been told of the accident.

The turn at this place is an exceptionally sharp one and a car coming from Laurel Hill and in view of this fact should be protected by more than a light iron fence which would easily give way under the pressure of heavy cement wall. Instead of the fence, extending from the bridge end toward Laurel street for a distance of 100 feet, a concrete wall should be built on the three feet of the road.

It is pointed out that the car was not a light iron fence which would easily give way under the pressure of heavy cement wall. Instead of the fence, extending from the bridge end toward Laurel street for a distance of 100 feet, a concrete wall should be built on the three feet of the road.

**PREDICT SMITH WILL BE NEW POLICE SERGEANT**

Who is to be the latest sergeant of Police in Norwich if the amendment to the city charter is passed by the legislature? This is the question that has been asked in Norwich within the past few days when it was made known that the Judiciary committee had reported favorably on the proposed amendment. There has been considerable speculation on the subject and many rumors have been circulated as to whom the position would fall.

It is known that there are several in the field but the man who has been mentioned with the most frequency and who is said by those that know to have the preference for the position of third sergeant of the police is that of Charles A. Smith. The police themselves are the ones to whom the sergeant will be the duty, as to who the commission says that there are many in the field but the man who has been mentioned with the most frequency and who is said by those that know to have the preference for the position of third sergeant of the police is that of Charles A. Smith. The police themselves are the ones to whom the sergeant will be the duty, as to who the commission says that there are many in the field but the man who has been mentioned with the most frequency and who is said by those that know to have the preference for the position of third sergeant of the police is that of Charles A. Smith. The police themselves are the ones to whom the sergeant will be the duty, as to who the commission says that there are many in the field but the man who has been mentioned with the most frequency and who is said by those that know to have the preference for the position of third sergeant of the police is that of Charles A. Smith.
